India's recent economic boom has had resounding effects on its economy in terms of financial opportunities, real estate investments, and international relations. The TiE conference, designed for investors, entrepreneurs and multinationals, will bring together policy makers, experts, academics and global business leaders to examine the opportunities and challenges currently facing India with respect to the United States. The conference will attract over 500 senior executives, professionals, entrepreneurs and investors from around the world to look at the India/US corridor and discuss the opportunities that are becoming available.

Featured panel discussions:

Real Estate: "Building the Foundation for Growth"

Investor: "Investing in India's Infrastructure - Challenges and Opportunities,"

IT/Telecom: "Is Lack of Infrastructure a Challenge or an Opportunity?"

Traditional Infrastructure: "India on the Move - A look at the efforts to modernize the country's transportation infrastructure,"

BioTech/Pharma: "Emerging BioTechnology and Pharmaceutical Trends in the Global Market,"
